NANODROP

➢ **DO NOT USE WITHOUT PROPER TRAINING.**

➢ **Use your PI's lab account/password to log on.**

➢ **ALWAYS:**
   1. Record all usage.
   2. Clean after use by pipetting 5µl of dH₂O onto pedestal, close lid and leave for 2 minutes prior to drying with KimWipe.

➢ **PLEASE DO NOT:**
   1. Use a squeeze bottle to clean pedestal (the pressure will damage it).
   2. Wear gloves while using computer.
   3. Use paper towels to dry pedestal.

➢ Report all problems and requests for training and use to Eric Zhang.
